The official video game of world football, FIFA is played by millions of fans every year, with more than 150 million people playing annually. FIFA is a game designed to capture the spontaneity, intensity and excitement of the world's greatest sport. Every tackle, goal, pass and header captures the essence of the real game: expert FIFA gameplay coupled with authentic player and ball physics. The all-new FIFA visuals engine brings realistic player and ball movement, player traits and ball flight. Now in their sixth year, the game's major innovations have allowed the developers to create the most authentic and exhilarating simulation football experience ever. The brand-new animation system features more believable player movement and ball control, improved ball physics, a deeper and more physical injury system and a new 'Blade Runner' camera system. Advanced new ball kinematics, authentic emotion and atmosphere deliver a truly sensational soccer experience that plays even closer to the real game than ever before. There are dynamic weather conditions and more pre-defined light and time of day options, whilst the game allows you to create and edit your own playlists and matchday schedules. EA SPORTS FIFA 22 captures the very best of the world's greatest sport in the most dynamic and realistic gameplay to date. In FIFA you take the role of legendary footballers from every corner of the globe. Real-world clubs, like Dortmund, Arsenal, AC Milan, Barcelona and Inter Milan, are all built from the ground up, with each passing, attacking and defensive play decided by the player's individual capabilities. And each season, clubs from all over the world are refreshed, allowing for an unrivalled depth of history, meaning that as a player, you will compete and learn from all the greats who have walked the game's halls before. The new 'Precision Matchday' system sees the game's controls more connected with the pitch. An expanded and more intuitive off-ball feature is also added, while the inclusion of a new system to adjust match dynamics is designed to create more varied, unpredictable and exciting matches. More than 30 modes and 11 official competitions are all playable in FIFA 22, and when played online, you'll be able to choose between eight new leagues. Online mode also sees an overhaul with four all-new modes and the new Community Manager tool, a dedicated tool which enables users to access your player's profile, manage their social media accounts and make themselves more visible. The online social hub will also enable the ability to view and comment on your
